Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and net assets of the Nicholls State University Alumni Federation as of June 30, 2013, and its revenue, expenses and other changes in its net assets during the year then ended, on the modified cash basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying graphs, listed as supplemental information in the table of contents, are presented for purposes of additional analysis and are not a required part of the above financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional process in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Emphasis-of-Matter

The Nicholls State University Alumni Federation has suffered reductions in membership dues and has taken on the burden of the large, unexpected increase in operating expense due to the university's change in policy to cover 50% of the salaries of the director, assistant director and student worker, from 100% previously covered. Management believes that at the current level of funding the Federation may only be able to operate another two years. The financial statements do not include any adjustments that might result from the outcome of the uncertainty. Our opinion is not modified with respect to that matter.

Note 1. NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Nature of organization:

The Nicholls State University Alumni Federation (the Alumni Federation) was organized as a non-profit corporation as defined by Revised Statutes of Louisiana Title 12, Section 101 and is duly inscribed in Book of Charters and Articles of Incorporation No. 4, Page 539, Entry No. 185698. Its object and purpose is to foster, protect, and promote the welfare of Nicholls State University and its alumni.

The significant accounting policies are as follows:

Basis of accounting:

The Alumni Federation's policy is to prepare its financial statements on the modified cash basis of accounting. Using this basis, revenues and other support are recognized when collected rather than when earned or receivable, and expenses are recognized when paid rather than when incurred. Consequently, the financial statements do not include revenue receivable, amounts due vendors, prepaid expenses, nor liabilities for accrued expenses. The statements are considered modified from the pure cash basis of accounting because of the Organization's policy to capitalize depreciable assets as well as to report donated facilities and services.

Method of accounting:

In accordance with Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-for-Profit Organizations", the Alumni Federation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted. Because the financial statements are presented on the cash basis of accounting, the Alumni Federation is not required to present a statement of cash flows.

Contributions:

The Alumni Federation records contributions when they are received.

Note 1. NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES, continued

Furniture, equipment, & improvements:

Furniture, equipment, & improvements are carried at historical cost. Donated assets are valued at estimated market value at the time of donation. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets. Assets costing more than \$1,000 are capitalized.

Income tax status:

No provision has been made for income taxes in the financial statements. The Alumni Federation is exempt from income tax under section 501(c) (3) of the Internal Revenue Code. This code section enables the Organization to accept donations, which qualify as charitable contributions to the donor.

Use of estimates:

The preparation of financial statements on the cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Functional allocation of expenses:

Expenses are charged directly to program services, general and administrative, or membership development categories based on specific identification. There are no indirect expenses to be allocated.

NOTE 2. CASH AND CASH EQUIVALENTS

In addition to bank accounts, this classification includes all short-term investments such as savings accounts, certificates of deposit maturing in one year or less, and money market accounts. These investments are stated at cost which approximates market.

There are no securities pledged on these accounts by the fiscal agent bank.

NOTE 4. UNRESTRICTED NET ASSETS DESIGNATED FOR A SPECIFIC PURPOSE

Net assets include \$75,449 in restricted assets, which have been designated by the board or donor for a specific purpose. These assets have been obtained through student self assessment, and by donors, and are to be used exclusively for scholarships and student activities.

NOTE 5. MEMBERSHIP DUES

The Alumni Federation assesses dues to be a member of the federation. Dues are determined by the various levels of membership. These levels of membership are: single dues (\$25), dues for a married couple (\$40), dues for a recent graduate (\$15), and colonel cabinet. To be a member of the Colonel Cabinet, members are assessed \$50 in addition to their regular membership dues.

NOTE 6. STUDENT ASSESSMENTS

The Alumni Federation receives student assessment revenue from Nicholls State University. The Alumni Federation's board has designated these funds for activities that will benefit the student body such as scholarships and other activities that the Alumni Federation sponsors on campus.

NOTE 7. PROGRAM SERVICES

The Alumni Federation provides program services that benefit both its alumni and current Nicholls State University students. The major program services of the Alumni Federation are to foster, protect, and promote the welfare of Nicholls State University, to establish a mutually beneficial relationship between the University and its Alumni. The Alumni Federations major focus is on scholarships, homecoming activities, and its annual business meeting.

The Alumni Federation awards scholarships to current Nichols State University students. The funds for these scholarships come from donors requesting scholarships named for a specific person as well as from general funds.

Homecoming activities are centered on the Nicholls State University's homecoming football game. Some of the activities that the Alumni Federation provides are the homecoming golf tournament, buffet, and selling t-shirts. To participate in these activities, participants are charged fees to help offset the cost.

The Alumni Federation also provides for an annual business meeting. This meeting is centered around a "crawfish boil" and its board of directors is sworn-in. The Alumni Federation sells tickets to attend the crawfish boil that is held in conjunction with this meeting to help offset the cost.

NOTE 8. DONATED SERVICES AND FACILITIES

The Alumni Federation receives donated services from Nicholls State University in the form of a full-time executive director and assistant director, and a student worker. However, starting in July 1, 2012, Nicholls State University no longer provided 100% of the salaries for Alumni Federation personnel. The University agreed to provide 50% of the cost of those salaries with the Alumni Federation responsible for the remainder. Nicholls State University has estimated the approximate cost of providing the donated services to be \$86,566 and it is included in contributions and expenses in the statement of support, revenue, and expenses and changes in net assets.

The Alumni Federation also occupies office space on the campus of Nicholls State University. The University does not charge the Alumni Federation for this space. Nicholls State University has estimated the approximate fair value of the annual rental and related utilities to be \$11,000 and it is included in contributions and expenses in the statement of support, revenue, and expenses and changes in net assets.

NOTE 9. RISK MANAGEMENT

The Alumni Federation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; job related illnesses or injuries to employees; and natural disasters. The Alumni Federation has purchased commercial insurance to cover or reduce the risk of loss that might arise should one of these incidents occur. There have been no significant reductions in coverage from the prior year. No settlements were made during the current of prior three fiscal years that exceeded the Alumni Federation's insurance coverage.

NOTE 10. ECONOMIC DEPENDENCY

The Nicholls State University Alumni Federation operates out of the Alumni House, which is owned by Nicholls State University. The University allows the Federation to occupy this building rent-free. Nicholls State University also covers 50% of the salary of the director, assistant director, and student worker of the Federation. If these expenses were not provided, the Federation would not be able to continue its operations.

NOTE 11. SUBSEQUENT EVENTS

The subsequent events of the federation were evaluated through the date of the financial statements were available to be issued (December 8, 2013)

As of July 1, 2013, Nicholls State University Alumni Federation board amended the bylaws to amend the membership dues structure. These new levels of membership are: single dues (\$35), dues for a married couple (\$55), dues for a recent graduate (\$15) and friend of alumni dues (\$50). The Alumni board also set Lifetime memberships of single (\$500) and joint (\$750).

Graduate dues for the Spring 2013 semester were not moved from the student assessment funds to the dues category until the university could completely verify the graduates and perform a data export for the Alumni into their dues database. This transaction did not occur until July 29, 2013, the graduate dues that were moved in July 2013 for Spring 2013 totaled \$9,675. If the transaction would have occurred prior to year-end the student assessments would have reflected a balance of \$18,114 (less \$9,675) and the dues would have reflected a balance of \$68,106 (\$9,675 more). The student assessment in the Graph 1 of the report would have shown \$19,275 (\$9,510 + \$9,675).

In October 2013, the board agreed to no longer tie the Golf Classic to the Homecoming Activities. These two items are shown together in the revenue and expenditure categories. Next year, these items will be reported separately.

NOTE 11. SUBSEQUENT EVENTS, continued

The Federation's board is still looking for ways to offset the large, unexpected increase in operating expense due to the university's change in policy to cover 50% of the salaries of the director, assistant director and student worker, from 100% previously covered. The board also approved a new fundraiser - New Year's Eve Bash.

NOTE 12. LITIGATION AND CLAIMS

At June 30, 2013, the Alumni Federation had no litigation or claims pending.

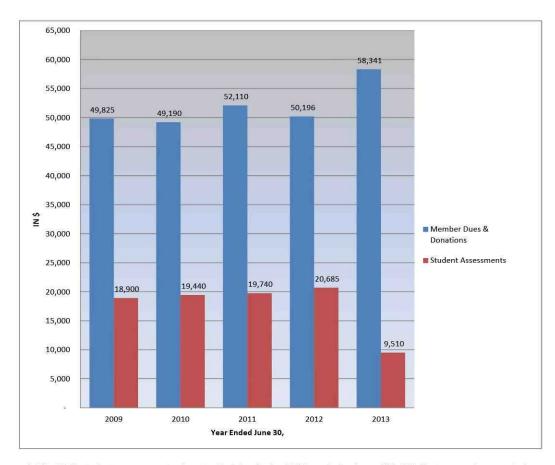

Note 13. TRANSFER TO NSU FOUNDATION

During the fiscal year ending June 30, 2013, The Nicholls State University Alumni Federation held a fundraiser to establish a scholarship in the name of the retiring, long-term alumni federation director, Debbie Raziano. The Federation raised \$32,276 in donations and accumulated \$7,026 in expenses relating to the fundraiser. The balance of \$25,250 was transferred to the Nicholls State University Foundation so that the scholarship could be endowed by the foundation. The Federation will chose the scholarship recipient each year based on qualifications set by the Federation board.
